PROFILE SUMMARY

I'm Haris Hassan, a 23 year old Software Engineer with a Bachelor's degree in Computer Science. I'm skilled at turning design concepts into responsive, functional, and visually appealing interfaces. With strong problem-solving abilities and a passion for continuous learning, I strive to build seamless, engaging web applications

EDUCATION

University of Management and Technology (UMT)

2020 - 2024

Bachelors of Science in Computer Science

Defence Degree College

2018 - 2020

Intermediate education in Computer Science

CERTIFICATIONS

- Meta advance react certificate
- Google Ads certificate

WORK EXPERIENCE

Freelancer / Upwork   JUN 2023 - PRESENT

Over the past year and half, I have been freelancing and successfully closing various projects, which has allowed me to sharpen my skills in client communication, project management, and business development. This experience has equipped me to handle diverse client needs, negotiate project terms, and ensure timely project completion.

Software Developer Intern   DEC 2024 - PRESENT

Worked on an internal social media lead generation automated bot at Punch Digital Agency. This experience allowed me to enhance my communication and teamwork skills through collaboration with colleagues, while also strengthening my time management and problem-solving abilities
